IT'S FREE...

Tens of thousands of programmers have reviewed the source code to improve performance, eliminate bugs, and strengthen security. No other operating system has ever undergone this level of review.

IT'S EXCEPTIONALLY STABLE...

Properly configured, Linux systems will generally run until the hardware fails or the system is shut down. Continuous up-times of hundreds of days (up to a year or more) are not uncommon.

INTERFACE INSTALLFEST

Interface is holding an InstallFest. Bring your computer (and keyboard, mouse, monitor and any otherperipherals) in, and we will install GNU / Linux (along with drivers and any other software you may need) on it, and show you how to use everything.

http://interface.org.nz/installfest

Saturday 10th March 10am ~ 5pm | VUW CO341
